ADVANCED SAFETY TECHNOLOGY

COLOUR ACTIVE DRIVING DISPLAY (HUD)

The colour Active Driving Display presents essential driver information including vehicle speed, turn-by-turn navigation and speed limits above the steering wheel, closer to the driver's field of vision meaning you can safely focus on the road ahead.

Colour Active Driving Display standard on GT Sport Nav models.

LANE-KEEP ASSIST SYSTEM (LAS)

Lane-keep Assist System is designed to prevent your vehicle from inadvertently straying from its lane. A front view camera monitors the road ahead and calculates the car's position relative to the lane markings. If the system detects the vehicle is moving out of its lane unintentionally, the steering wheel will vibrate and an audible alert will sound. The system will also take corrective action to help you stay within the lanes through assisted steering.

Not available on 75ps SE-L models.

ADVANCED SMART CITY BRAKE SUPPORT (SCBS)

Designed to make busy city traffic more relaxing for the driver both during the day and at night. Mazda's Advanced Smart City Brake Support (SCBS) helps to avoid or minimise the risk of low-speed collisions, the most common type of city traffic accidents. The laser-based system monitors the gap and closing speed of the vehicle in front, as well as pedestrians, automatically applying the brakes if a collision is likely at speeds of up to approximately 50mph.

Not available on 75ps SE-L models.

REVERSING CAMERA

A camera fixed at the rear of the vehicle displays a clear view of everything happening behind the car onto the center console screen. Giving you a clearer image when reversing, the reversing camera helps guide you into parking spaces and avoid obstacles, making parking easier than ever.

Reversing camera standard on GT Sport Nav models.

MAZDA M HYBRID*

Constantly striving to further improve fuel economy and lower emissions, Mazda has introduced an intelligent Mild Hybrid system called Mazda M Hybrid which uses kinetic energy from regenerative braking to help acceleration from launch and power electronics. The result is a car that delivers an improved drive, low running costs and strong environmental credentials.

**Available on manual transmission models only.*

MAZDA SERVICE PLANS

MODEL	ENGINE	PRICE
2020 Mazda2	Skyactiv-G (Petrol)	£599.00

Take the hassle out of servicing your car by opting for a Mazda Service Plan from your Mazda dealer. For a one off payment or manageable monthly sum, your annual Mazda servicing can be covered for up to 3 years.

Contact your Mazda dealer for more information on the options available. At participating dealers only.

The maximum service interval for your Mazda is 12,500 miles or 12 months whichever occurs first, however, the servicing intervals may reduce based on the style of driving and the conditions under which your vehicle is operated.

Mazda Service Plans cover parts, labour & fluids at the prevailing VAT rate for the first three scheduled services. You have the choice of paying for your Mazda Service Plan with a one-off payment, or by monthly Direct Debit payments over the duration of the Plan. Please contact your Mazda Authorised Dealer for more information. The servicing for Mazda Service Plans can only be carried out at a Mazda Authorised Dealer. At participating Dealers only and plan must be activated prior to the vehicle's first service.
